

Community

The sport of soccer is more than a pastime – it enriches players' lives physically, mentally and emotionally. The life lessons our youth can learn through soccer are limitless and we are committed to fostering the physical, emotional and mental growth of all youth in Prescott and District area by bringing them the opportunity of soccer.

The PDSA hopes this year's soccer experience is an exciting and rewarding one for players, coaches, parents and referees.

All games are played at the South Grenville District High School, Prescott Monday thru Thursday (depending on age group). The season runs from mid May to mid August.
